

## Snow Pusher

This Snow Pusher is designed to move a large volume of snow very quickly – up to five times faster than a conventional snow blade. The perfect way to remove snow from parking lots, driveways, and from up against buildings utilizing the optional “Pull Back” system. The universal mounting system fits most skid steers and compact tractors.

*Optional “Pull-Back” system for increased versatility. Helps pull back snow from tight spaces. Ideal for curbs, overhead doors, loading docks, and against buildings.*

*Tubular steel frame for added strength.*

### FEATURES

- 37” high side panels
- Strong, high-carbon steel cutting edge for long life
- Features the universal mounting system for fast, easy hook-up
- Easy-adjust depth shoes
- Optional “pull-back” scraper blade” turns pusher into a “scraper” for more versatility

*“A Legacy of Excellence Since 1948”*
